Blair Supply attends the Western New York Superintendents Equipment Show

Another great show attended. Lots of interest in our new Hymax Grip Coupling, Cretex ProRings and Valve Boss Valve Operator.

HYMAX GRIP COUPLER

HYMAX GRIP pipe coupling and flange adaptor featuring patented technology that uses universal teeth to restrain all types of connecting plastic and metal pipes. As pressure is applied to the connecting pipes, the HYMAX GRIP actually increases its hold on the pipe. Ready to use out of the box, the HYMAX GRIP comes as a restraint coupling and as a flange adaptor, both with a pipe diameter range of 4 to 12 inches. It has a stab-fit design with a top-facing 2-bolt closure for the coupling and 1-bolt closure for the flange adaptor version. These features make it simple for installers to connect pipes and complete jobs quickly.

A installation where our friends at the Village of Caledonia New York "thought outside the box!"
Installation well done.

2015 AWWA Conference In Saratoga Springs and Blair Is There!

Type Title Here

We are pleased to be supporting the AWWA once again. Turnout was enthusiastic.

John Murphy presided over the "Meter Madness" competition.

It was great to see young competitors out to de-throne the warriors!

And the winner

is.....

Mr. Mike Viena from the Town of Phelps! Congratulations Mike!

From its establishment in 1921, BIBBY-STE-CROIX have supplied roadway and valve boxes from 1" to 7".

Truly committed to recycling, 100% of its gray and 80% of its ductile iron products are from recycled. A strong, smart choice!
